

SEATING

French Bistro® Chair FB 203

Expertly crafted by hand with steam bent frames made of Malacca or Manau cane for indoor/outdoor use or polished Rattan for indoor use only. Although suitable for outdoor use, we recommend using under covered areas only. Weave material is available in our standard heavy duty P8-HD NYLON or, for heavy use applications and very dry weather, or for use in close proximity to salt water from the ocean, please choose P11-RILSAN. A longer lead-time is required for P11-RILSAN. Both weave materials are suitable for outdoor use, are resistant to fungus and mold and are UV resistant and will not fade in sunlight.
