Bru Open Arm Loveseat

Sophisticated yet casual, the Bru Collection combines classic details with modern features into an inviting modular lounge series. Bru was designed around plush cushion treatments that are cradled by a metal leg base to express a mix of soft and hard elements. With the development of two different arm styles, Bru can be configured either fully upholstered or with an open wood paddle arm, giving optionality in the desired aesthetic. This collection offers unique style, elevated comfort, and smart details to complement any space with the modular component offering endless possibilities for your setting. Create destination spaces within the office setting by selecting individual finished pieces to create married configurations. With unique pieces ranging from lounge chairs to sofa sectionals and integrated or pull-up tables, Bru cultivates many office settings from work cafes to huddle rooms – even a conversational conference room.
